

TIME TO REGISTER BRANDS

In accordance with Article 144.04 of the Agricultural Code, brand renewals will begin on September 1, 2021, in the Clerk's office. All current brand holders will have until March 1, 2022 to register their brands before they become "open brands". In other words, nobody will be able to acquire the brand you are using unless you fail to register by March 1, 2022. This will give all brand holders 6 months to get to the Clerk's office and register. The brands registered will be in effect for a ten-year period. Brand holders need to register in each county where they run livestock.
